**Chairperson of Electoral Commission of Namibia and also ECF-SADC
Executive Committee Chairperson MS ELSIE NGHIKEMBUA gets a PHD**

The Electoral Commissions Forum of SADC Countries congratulates its Executive Committee Chairperson Ms Elsie Nghikembua on being conferred the Doctorate Degree in Business Administration on the 26th April 2023.

Worth noting is that her thesis investigated the legislative frameworks put in place for Election Management Bodies and how these affect their operational independence. This is undoubtedly one of the emerging issues confronting Election Management Bodies in the SADC region and therefore her study contributes to electoral governance and election management literature which remains a resource for future studies.

Congratulations Dr. Nghikembua.....
